SARA NABIL ABDULLAH ABU ODEH

Full-Stack Web Developer | Front-End Developer | UI/UX Designer

Amman, Jordan | 0799229200 | saraaboudeh08@gmail.com | LinkedIn | GitHub

PROFESSIONAL SUMMARY

Software Engineering graduate with hands-on experience in Web Development, specializing in Front-End Development, Back-End Development, Full-Stack Web Development, and UI/UX Design. Experienced in developing and customizing responsive web applications using HTML, CSS, JavaScript, PHP, and MySQL. Hands-on experience working on Front-End and Back-End projects, developing administrative dashboards, integrating and creating APIs, database-driven applications, and dynamic web systems. Strong foundation in software documentation, SDLC, Agile methodologies, system analysis, and software testing.

PROFESSIONAL EXPERIENCE

Web Developer Intern — Clever Mind POB ICT *present-2026*

- Gaining hands-on experience in Web Development, working across Front-End, Back-End, and Full-Stack projects; develop and customize responsive web applications using HTML, CSS, JavaScript, PHP, and MySQL based on PRD, PDD, and design specifications.
- Build and customize administrative dashboards and management systems — dynamic pages, forms, data management interfaces, and CRUD functionality — and develop/integrate APIs connecting web applications, databases, and administrative systems.
- Implement Front-End interfaces and Back-End functionality, working with databases and server-side logic (PHP, MySQL, XAMPP, phpMyAdmin) to build dynamic, database-driven web applications.
- Implement UI enhancements and responsive layouts while maintaining usability, consistency, and compatibility across devices and browsers.
- Debug and troubleshoot application issues, identify functional problems, and implement appropriate solutions.
- Use Git and GitHub for version control, project management, and maintaining development workflows.

TECHNICAL SKILLS

Programming Languages: C++, Java, C#, PHP
Web Technologies: HTML, CSS, JavaScript, Responsive Web Design
Web Development: Front-End, Back-End & Full-Stack Development, Dynamic Web Applications, CRUD Operations
APIs & Systems: API Development & Integration, Administrative Dashboards, Admin Systems
Frameworks & Databases: ASP.NET, .NET, MySQL, SQLite
Dev Tools & Version Control: XAMPP, phpMyAdmin, Visual Studio Code, Visual Studio, Git, GitHub
Design & Documentation: Figma, Canva, Visual Paradigm, ReqTest

PROFESSIONAL SKILLS

- UI/UX Design
- Software Documentation (SRS, PRD, PDD, Use Cases, UML Diagrams)
- System Analysis & Design
- Version Control (Git & GitHub)
- Software Testing & Quality Assurance (Test Plans, Test Cases, Bug Reports)
- Agile Methodology & Cross-Functional Team Collaboration

EDUCATION

Bachelor of Software Engineering — Amman Arab University, Jordan **2026**

TECHNICAL PROJECTS

AAU Attendix — Smart Student Attendance System

Designed and developed a smart attendance system integrating QR code scanning, GPS geofencing, and YOLO-based AI detection for real-time student verification and fraud prevention..

HealNest — Veterinary Clinic Management System

Developed a database-driven web application using PHP, JavaScript, HTML, CSS, and MySQL to manage patient records, appointments, billing, and centralized clinic operations.

LifeAssist — E-Commerce Platform for Medical & Assistive Equipment

Built a secure e-commerce application using ASP.NET and .NET, implementing product management, user authentication, secure transactions, and accessible purchasing workflows.

CERTIFICATIONS

- Foundations of User Experience (UX) Design — Coursera (2026)
- HTML Essentials — Cisco Networking Academy (2026)
- Diploma in Software Testing — Alison (2026)
- English Language Course Certificate (2025)
- Introduction to Technical Writing — Alison (2025)
- ICDL — International Computer Driving License (2023)
